Local-Curlers Won Two Cups At Fernie Bonspiel

Kerr and Boulton Win Grand-Cos.-Inn Trophy and Hillcrest-Mohawk Trophy Respectively; Bellevue Given Bonspiel 1947.

Coleman curlers did exceptionally well at Fernie last week when they won two cups and two third prizes. Jim Kerr won the Grand-Cos.-Inn trophy donated and supported by the Grand Union hotel, Coleman; Cosmopolitan hotel, Blairmore, and Bellevue Inn, and won a third in the Blairmore Merchants cup.

Harry Boulton's rink won the Hillcrest-Mohawk Collieries cup and Andy Dow's rink won a third in the Grand-Cos.-Inn event. Leduc and Hogan failed to show.

Here is how the bonspiel finished: Lethbridge Brewery, Maffioi, of Fernie;

Trites-Wood, W. Kerr, of Bellevue;

Hillcrest-Mohawk, H. Boulton, of Coleman;

International, Bruning, of Blairmore;

Blairmore Merchants, Gibson, of Fernie;

Grand Aggregate, A. Bonne, of Blairmore.

Personnel of Local Rinks:

J. Kerr, skip; G. Jenkins, L. S. Richards, W. Gate;

H. Boulton, skip; R. Cousins, F. M. Thompson, A. Ukrainetz,

A. Dow, skip; G. Brown, J. Chalmers, P. Oliva;

Ed. Leduc, skip; J. Anderson, R. Byndens, R. Foster;

W. Hogan, skip; K. Wyld, S. Mortdon, T. Verma.

J. Kerr rink won sport jackets in the Grand-Cos.-Inn and blankets in the Blairmore Merchants. Boulton rink won handsome table lamps.

At the banquet Bill Kerr was elected president for the season 1947 and Bellevue was awarded the bonspiel, Bill giving assurance that seven sheets of ice would be available.

Twenty-eight rinks competed in the 'spiel, coming from Taber, Lethbridge, Pincher Creek, Bellevue, Blairmore, Coleman, Fernie and Cranbrook. It is many years since Taber, Pincher and Cranbrook entered rinks and they were royally welcomed back to the fold.

THANK YOU!

I wish to express my sincere thanks to those voters who supported me in Monday's School Board Election.

Havelock Hulbert.

Thank You!

I wish to thank the Electors in the Coleman School District and express appreciation of their confidence in returning me to the Board for another term. I shall, to the best of my ability, work in the interest of the Ratepayers for efficient administration with economy.

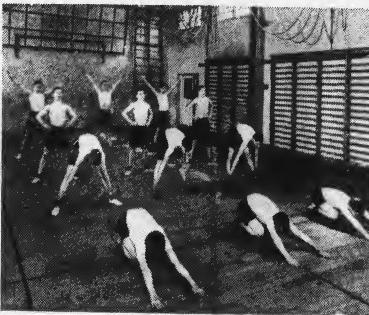

D. J. HOLLY.

Miners' Welfare In England

Youth clubs for sons and daughters of miners, as well as for young miners, are organized by the Miners' Welfare Commission, the body in Britain responsible for administering the welfare fund raised by a levy on coal and running royalties. Pithead baths and recreational centres are provided by the Commission. This is a gymnasium attached to a youth club and recreational centre.

Grands' Powerful Hockey Machine Whip Lethbridge Legionnaires In First Round Provincial Play-Offs

Won First Game at Lethbridge 6-2; Won Second Game Here 7-1; Advance to Second Round.

Coleman Grands, sparkling with power from the goal out, manhandled Lethbridge Legionnaires on Monday night to win, going away by a decisive 1-1 score. Grands had defeated Lethbridge 6-2 at Lethbridge the previous Thursday and won the two game home and away total goals to count series 13-3. Evidently out to hold their four-goal lead, Grands showed too much caution in the opening minutes and their play was hesitant and ragged with the result that Pitt and Negrello combined for the latter to score after three minutes of play.

Grands settled down and completely bottled up Legionnaires. The visitors showed speed, but this was neutralized by a rock-wall defence and the sparkling play of Pow, who was in rare form and kicked rubber out from all angles.

The close checking by both teams did not allow exciting hockey and the period had one minute to go when Joyce carried the rubber into the Legionnaire zone, beat two men before passing to Field, who did some clever stickhandling before firing a bullet shot to beat Sorokosky.

Joyce was penalized shortly after the start of the second period. After five minutes of play Fraser took the disc into the Lethbridge zone, passed to Collings, who fired it home to put Grands one up in the game and five in the series. Ukrainetz was penalized for pulling down Moore. Grands started a ganging attack which almost backfired when a three-man Lethbridge breakaway took place. Pitt shot from close in to hit the goal post. A parade to the penalty box started when Joyce and Pitt started roughing. McIntosh was penalized soon after, who in turn was followed by Kwasniek, who used his knee to stop a forward. Ukrainetz was sent to the cooler with five seconds to go in the period for charging Bill Fraser.

The third period was just under

way when Collings was chased to the cooler. With a five-goal lead in the series and one period of play remaining Grands opened the throttle and literally roared down on the hapless Legionnaires, who were powerless to stop them. One wild scramble after another took place on Sorokosky's doorstep and it was wonderful how that rubber was kept out of the net. Six minutes remained in the game when Legionnaires completely collapsed under the terrific pressure and Field got his second goal of the game on an assist by Andrews on a beautiful play.

Legionnaires were forced to open up and when they did the speed of the Grands came to the fore. Fraser broke away to score a minute after Field, unassisted. Fraser and his wings, Collings and Cytko, came back a minute later, Fraser passing to Cytko in front of the net, the latter passing to Collings who scored from a few feet out.

A minute later Collings shot a hot one at Sorokosky who allowed a rebound, only to find Biegun Johnny-on-the-spot and who fired it home. A minute later, with a change of forwards, Moore and Mazzell combined for Moore to score the seventh and final goal with the entire Lethbridge team thoroughly bewildered by the sudden goal-scoring spurt of the Grands.

Coleman: Pow, Joyce, Moores; N. Andrews, Pavlus, Field; Fraser, Collings, Cytko, Mozell, J. Andrews, Moore, Biegun, Kwasniek.

Lethbridge: Sorokosky; Ukrainetz, Wray; Pitt, Negrello, Slavich; Millroy, McNab, McIntosh, Lee, Farrell.

Referees: Holt, of Lethbridge; McLeod, of Coleman.

LETHBRIDGE GAME

Coleman Grands journeyed to Lethbridge on Thursday last to take on Lethbridge Legionnaires in the first game of the provincial intermediate playdowns.

The Legionnaires have a fine team, but Coleman, playing a clean close-checking game, proved to be

(Continued on Page 8)

JOHN NIMCAN HONORED BY FRIENDS

On Saturday evening about 60 friends of Pte. John Nimcan gathered at the Ukrainian hall to honor him upon his recent return from service overseas. During the festivities John was presented with a handsome shaving set and made welcome home. He expressed his happiness at once again being home among his friends and thanked them for the useful gift.

"Gift Fund" Given Healthy Boost During Week

Finance Committee Canvassed

Business Area; Fund Now

Stands at \$1,777.00

Coleman's Reception and Rehabilitation Gift Fund was given considerable impetus during the past week when members of the Finance committee made a canvass of the business houses.

A total of \$936 was collected to place the fund at \$1,777, still leaving it \$2,223 short of the \$4,000 objective.

Holly And Vasiek Re-Elected To School Board

Heaviest Vote in Years Determined Who Should Represent Ratepayers on School Board; No Spoiled Ballots.

The heaviest vote recorded in a number of years, about 350, determined who should fill the two vacancies on the school board.

David J. Holly and Mrs. Ann Vasiek, whose terms had expired on the school board, were running for re-election. Havelock Hubert also placed his nomination to contest one of the two vacancies.

The result was as follows:

Holly	273
Vasiek	249
Hubert	158

REAL ESTATE CHANGES

A few homes have been changing hands in recent weeks in town. Mr. and Mrs. Melnyk, nee Beverly Short, have purchased the Harry Gardner home on Park Terrace. Mr. and Mrs. Adam Wilson have purchased the former's parents' home on Second street and have sold their home to Mr. and Mrs. Armando Deluca. Mr. and Mrs. Armando DeLuca have purchased the home of Mr. and Mrs. Sylvio De Kleyn on Sixth street. Mr. and Mrs. E. Fabro as well as decorating their new home on Fourth street prior to taking up residence in it.

THANK YOU!

I wish to express my grateful thanks to the Overseas Welfare Fund, for the monthly gift of cigarettes, to the Ladies Auxiliary, B.E.S.L., for their much appreciated Christmas parcels, and to the citizens of Coleman who contributed so generously to the funds of these two organizations and so made the gifts possible, also to the Ukrainian Ladies Society of Coleman.

JOHN NIMCAN.

"G. I. JOE"

is the story of an American soldier from the moment he leaves his training base in America till he is under the fire of Japanese guns in the Pacific battle areas. It is Ernie Pyle's story, full of human interest, true to life.

The Story of ERNIE PYLE...

"G. I. JOE"

Rated as one of the BEST EVER

CANADA'S DOMESTIC BUTTER RATIONING WILL BE SLASHED DURING MARCH AND APRIL

OTTAWA.—Canada's domestic butter ration, faced by a continuing decline in production and by an increasing population will be slashed during March and April from six to four ounces a person a week. Finance Minister Ilsey announced.

Attributing the move to a "temporarily favourable" supply situation, he said depleted butter stocks, lower production and increased consumption combined to make it necessary "if consumers are to be able to obtain butters for their valid coupons."

Continuing a four-months decline, butter output during January went down to 6,640,000 pounds, a 15.6 per cent. decline from the January 1945 total of 11,421,403 pounds. The six ounce ration had recently been established, a cut from seven, only recently in anticipation of such a slump.

The price board recently restricted supplies to quota users, such as restaurants and institutions.

Mr. Ilsey said the reduction will be effected by making one coupon due every four weeks instead of three coupons every four weeks. Coupons will become valid March 7 and 21 and April 4 and 18.

The present population of the present time was more than 600,000 greater than a year ago due in part to the natural increase in population but in large measure to the importation of many thousands of veterans from overseas forces.

The minister said that for a time the government had hoped it might be possible to avoid the cut by supplementing domestic butter supplies with imports through the dairy products board, but it now was quite apparent that the current world shortage of butter and other edible fats meant that outside supplies could be obtained at this time only at the expense of others who were already in a much worse position than ourselves.

Mr. Ilsey emphasized that the present situation was not unique, but it may well be general decline in milk production.

In fact, total milk production in 1945 in Canada had been the greatest in Canadian agricultural history, but the increase in milk supplies had been more than taken up in increased fluid milk consumption and in maintaining Canada's undertaking to supply cheese to the United Kingdom and evaporated milks to isolated Europe, which resulted in less milk available for butter.

He added that when the seasonal increase in domestic production takes place in the spring, the ration can be restored to at least six ounces.

PALM VICTORY PARADE

LONDON.—Subject to cabinet approval, a great victory parade will be held in London next June 8. A ministerial committee has chosen that day as "Victory Day," suggesting that troops of the Allied powers and representatives of the civil defence services and the Home Guard march in the parade. The King would take the salute in front of Buckingham Palace.

LONG WAY TO GO

London. In 1927 a donor whose identity was withheld left in trust £300,000 (about \$2,250,000) with instructions that it be held until it was £1,000,000. The fund now amounts to £1,250,000. But it has a long way to go. Late & available figure placed the national debt at slightly less in safety there, well underground.

EXTENSION OF IRRIGATION ON CANADIAN PRAIRIES IS A NECESSITY FOR DEVELOPMENT

OTTAWA.—Extension of irrigation on the Canadian prairies involving larger projects should be made within the so-called dry belt, the chronic crop failure area, W. L. Jacobson, of Regina, told the 29th annual meeting of the Canadian Institute of Surveying.

In that area, said the assistant superintendent of water development for the Prairie Farm Rehabilitation Act, the need is greatest and available water can be used to best advantage.

"The success achieved with irrigation by existing projects in this area provides the strongest possible argument for further development within this climatic zone," he said.

"There is need for irrigation outside this area but its use must be largely supplementary to dry land farming or ranching. Such developments, having a low cost of construction and maintenance, offer unlimited possibilities for improving living conditions throughout the low rainfall area and provide a principal means of stabilizing agriculture in this area, particularly during periods of drought."

PARLIAMENT OPENING

Next Session Has Been Set For Thursday, March 17

OTTAWA.—The next session of parliament will open on Thursday, March 14, it was announced by Prime Minister Mackenzie King following a meeting of the cabinet.

After adjournment of the last session, the tentative opening had been set for March 7. The last session ended Dec. 18.

The new legislation to come before the new session includes the selection of a design for a distinctive Canadian flag and the Canadian citizenship bill, both set over from the previous session.

There has been speculation that before the next session begins, Mr. King would announce a realignment of the cabinet. It was considered possible that Defence Minister Abbott might soon take over the air ministry as well as the army and navy departments he now supervises. In that event, some other position would be found for Air Minister Gifford who also has been mentioned as a possible future Lieutenant Governor of Ontario.

LIVESTOCK MEETING

Convention At Toronto Makes An Encouraging Report

TORONTO.—Resolutions affecting the breeding and development of cattle, pigs and horses were passed at the annual Canadian and Ontario livestock associations, 26 of which were in Toronto for a five-day series of conferences.

The Canadian Jersey Cattle club reported that 1945 was the best year in the organization's history with the greatest number of cattle ever exported. Exports were sent to South Africa, Jamaica, Central and South America, Mexico and Australia.

The Canadian Swine Breeders' Association passed resolutions that a Canadian swine breeding research station be established to study and assist Dominion swine breeders in eliminating hereditary abnormalities in swine breeding stock.

The secretary's report of the Canadian Hackney Horse Society said figures showed registered hackney horses and hackney ponies to be the "fastest growing, most popular breed of the times."

KEY TO STABILITY

Wheat Dominates Influence On All Other Farm Products

OTTAWA.—Wheat was the key to stability in Canadian agriculture because of its influence on all other farm products, J. C. Taggart, chairman of the agricultural prices support board, said before the annual meeting of the Canadian horticultural council.

Mr. Taggart said wheat dominated the coarse grains and through them influenced the production of meat and dairy products. Stability in wheat thus meant stability throughout the entire industry.

REASONS REVEALED

OTTAWA.—All through the war two escavators at Piccadilly Circus underground station, one of the busiest in London, were idle. The reason had come out. From under the earth floor of the station, the two escavators were taken scores of art masterpieces which had been placed there in safety during the war.

He suggested individual irrigation projects could be increased to 5,000 or 6,000, adding "very substantially to the irrigable area of land over the prairies." Other supplementary irrigation might also be provided through small community projects, according with local needs and conditions.

"Such a program of water development, combined with sound farming practices to conserve moisture and control erosion, should help greatly to improve living conditions and make for a permanent agriculture throughout the low precipitation areas of the prairies."

RADIO TELEPHONE SYSTEM

LONDON.—A new system of mobile radio-telephone not connected with fixed stations, has been perfected by the British Home Office. It is to be used in trains, as well as in police cars and aircraft, to enable passengers to hold important long-distance conversations during their journey. The use of the new system enables the range to be extended to an unlimited distance, by the use of automatic relay stations.

NAMED ON U.N.O. POST—Paul Martin, Canada's secretary of state, has been named the first Canadian representative on the U.N.O.'s social and economic council.

CREW RESCUED

Men On The Crippled British Submarine Were Saved

PEMBROKE, Wales.—The crew of the crippled British submarine Universe was rescued by lifeboats despite a 50-mile-an-hour gale and heavy seas.

The submarine broke down and was taken in tow by Royal Navy vessels.

The lifeboats made contact with the submarine which was then being driven dangerously near a hidden reef off the Welsh coast. The crew had battled against wind and waves for 36 hours and had twice before refused to abandon the submerged vessel which drifted 43 miles from the spot where her tow line with the destroyer Southdown parted.

The lifeboats made contact with the submarine which was then being driven dangerously near a hidden reef off the Welsh coast. The crew had battled against wind and waves for 36 hours and had twice before refused to abandon the submerged vessel which drifted 43 miles from the spot where her tow line with the destroyer Southdown parted.

The submarine broke down and was taken in tow by Royal Navy vessels.

CANDY COMES FROM CUBA

Hard, boiled candy imported from Cuba, will sell to Canadian consumers at 29 to 31 cents per pound, through order of the Prices Board, now effective. These prices are in line with comparable products manufactured in Canada, in some cases they are slightly lower present price levels.

Applications to import candy from Cuba were received by the sugar administration up to Jan. 21, but applicants were warned that because Canadian quotas for this year are lower than 1945, there may be a reduction in the amounts applied for.

THEY'LL ALL HURRY HOME if you serve Maxwell House. This extra-delicious coffee is bought and enjoyed by more people than any other brand of coffee in the world.

Good Roads Pay Dividends

"Car and truck owners pay for good roads whether they have them or not."

The Provincial Government is constitutionally responsible for the kind of roads we have in Alberta. It is morally responsible also because it collects the motor license fees, truck and bus licenses and gasoline tax.

Let us all help the Provincial Government to discharge its obligation to us by giving them the necessary encouragement to start now on the 10-year \$120,000,000 programme planned by the Department of Public Works. Now is the time to start.

You can back the A.M.A.'s campaign for better roads by becoming a member. The annual fee is only \$10 a year and gives you many valuable benefits and services.

Henry Zak sr. Honored By Friends On Saturday Night

Celebrated 50th Birthday;
Presented With Handsome Club Bag and Dressing Case.

The Czechoslovak friends of Henry Zak sr. in the Pass towns gathered in the Ukrainian hall on Saturday evening to honor Henry with a surprise party on the occasion of his 50th birthday.

He had only returned from Ferme day that following the Crows' Nest Pass bopsip, where he had won the Grand Aggregate, and that evening was taken to a friend's home in west Coleman to play bridge while other friends made ready at the hall where tables of food were laid out, an orchestra made ready to strike up the band, the moment Henry entered the hall, and refreshments served.

About 9 o'clock Henry and his party arrived at the hall and as he gazed around him in amazement and surprise the gathering stood up and sang "Happy Birthday." He had been brought to the hall on the pretense that a friend was being honored and had even been sold a ticket to the "friend's" party.

Louis Kalivoda spoke in glowing terms of Henry's character and wished him many more birthdays. Later in the evening Adam Wilson paid tribute to the honored guest by stating he was a gentleman and among the best known and esteemed citizens of the Pass. He had come to Canada in his youth, knew not what confronted him, but had gone on and by hard work and aggressiveness had made a success of life. He had made his own opportunities to further his own success. He was respected by citizens of the Pass generally.

Mr. Kalivoda, on behalf of the gathering, presented Mr. Zak with a handsome club bag and dressing case with "H.Z." stamped in gold letters on both gifts. A third gift, a dressing case, was presented to Mr. Zak by Mr. and Mrs. George Woods, of Lethbridge.

A bouquet of carnations was also presented to Mr. Zak by his Coleman store staff, the girls standing at the head table while Miss Kalivoda made the presentation on their behalf.

At the head table sat Mr. Zak

and members of his family. Centering the table was a beautiful three-tiered birthday cake with many candles.

Following a few speeches praising Mr. Zak the gathering enjoyed dancing to the wee hours of the morning.

Passenger Car And Dench Truck Collide

A passenger car driven by John McNeil and the huge Dench truck collided at the corner nearby the J. A. McDonald residence at about 6:30 Monday night.

The car suffered damage to the grill work and radiator, while the truck had a damaged fender. Considerable Antle was immediately called and took measurements which will be used as evidence.

Mr. McNeil was using his car to bring voters to the polls at the municipal election. Passengers in the car at the time of collision were Mrs. S. J. Ford, who received a slight knock across the knees and the nail of her thumb hurt slightly; Mrs. Steve Wavrean, who was uninjured; John Ramsay, who received a knock across his hand, and Mr. McNeil, who was uninjured.

...V...

UNEMPLOYMENT INSURANCE

During the month of December, 1945, a total of 3,837 new claims for unemployment benefit was registered in Manitoba and western Ontario (west of the Great Lakes). This compares with 1,094 during December, 1944. During December, 1945, there were 1,309 new claims in Saskatchewan and 2,806 in Alberta, which compares with 427 and 945 respectively during the same month a year ago.

Figures released by the district treasury office, Unemployment Insurance Commission, Winnipeg, reveal that despite an additional number of persons claiming unemployment benefit, there was only a slight increase in the average duration of drawing such benefit per person from 17.3 days in January, 1945, to 18.9 days during January, 1946.

For the period Dec. 21, 1945, to Jan. 20, 1946, there were 5,132 persons claiming benefit in Manitoba, of which Winnipeg accounted for 4,295. An analysis of these figures reveals that the average daily benefit per claimant during January, 1946.

At the head table sat Mr. Zak

1946, was \$2.04, as compared to \$1.90 during the same period last year. In a comment on this increase, this is attributed to the fact that the majority of the claimants today are in the three higher weekly contribution classes, which range from 24 cents to 36 cents per week.

In announcing that the total number of claims throughout the entire prairie region during December, 1945, was 13,107, the greatest incidence of those presently unemployed are persons in the clerical field and unskilled workers. Of the latter, the majority of male applicants are above the 60 year age group. In regard to females, the majority are clerical and saleswomen in the 20 to 29 age group.

Effective Feb. 1, discharged veterans entitled to out-of-work benefits are now being serviced by local offices of the UIC. It is estimated that there are approximately 3,000 ex-service personnel in the Manitoba and western Ontario district who are entitled to these benefits at the present time, many of whom are awaiting the type of job which they feel would be best suited to them.

CURLING NOTES

Jim Kerr's rink of himself, Geo. Jenkins, L. S. Richards and Bill Gate, will leave on Sunday evening for Lethbridge, where they will compete in the shirt-sleeve bonspiel.

Also attending the Lethbridge bonspiel will be Harry Boulton, Frank Lamey, Wilf Dutil and another.

This week a rink came up from Brooks to curl friendly games against the local sharpshooters. They were Doug Ingram, Dr. Robinson, Ab Stratton and Johnny Ross.

To Boost One's Home Town Is To Boost Home Industry!

We all take pride in our "Home Town" and take every opportunity to boost it to our friends who reside further afield.

What makes a town? It is the industry that supports the citizens, aggressive and enterprising merchants, and the citizens themselves, who must be alive to maintain progress in the community.

The COAL MINING INDUSTRY keeps Coleman alive. The local companies strive continually to keep abreast of modern mining developments. They employ approximately 1,000 men. They pay in wages many thousands of dollars every two weeks.

Steady employment with good wages make for a happy and progressive community.

By purchasing the products of Coleman mines you are indirectly aiding yourself.

Men who think of tomorrow plan for you Self-Reading Books, Uninterrupted Symphonies

Your radio-phonograph of tomorrow will bring you complete novels, dramas and symphonies magnetically impressed on small spools of steel wire. Hours of entertainment will be provided by a single spool no larger than your hand. And on spools of "blank" wire you will be able to make your own recordings—to keep permanently or to "wipe clean" for re-use any time you wish!

Yes, your Victory Bonds will buy greater pleasures and comforts tomorrow!

Men who think of tomorrow say

"HOLD ON TO YOUR VICTORY BONDS TODAY"

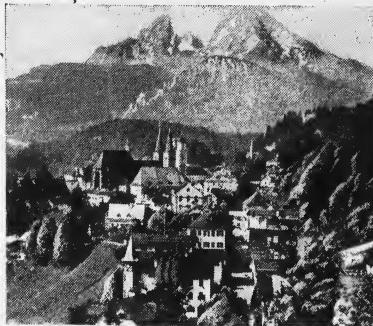

NO ONE can repeal the law of supply and demand. But we can make it work our way by holding on to Victory Bonds bought to finance our nation at war.

Here's why: For many months consumer goods will continue to be scarce. Bidding for these goods with our extra dollars, thus driving prices up, only serves to devalue all of our personal wealth, and that of the nation.

By leaving our extra money in safe keeping with our government—for repayment when conditions have become normal—we automatically keep prices down and maintain the law of supply and demand in balance. That's why your Victory Bonds may save you twice what you've invested in them—if you hold on to them now. When tempted to cash them in—think of tomorrow!

MAIN HIGHWAYS TO BE HARD SURFACED

Proposed highway improvement program for Alberta this year includes hard surfacing of main highways, according to information which the Alberta Motor Association has received from the provincial department of public works.

Details of the program will be announced when preliminary studies have been completed by the departmental engineers.

Hon. W. A. Fallow, minister of public works, has stated that the program includes hard surfacing to a considerable extent of the main highway from the international boundary north to Edmonton. He says this highway has carried a big traffic load in the war years and now it must be put in proper shape to handle prospective peacetime traffic, including a flood of tourists.

The program also contemplates improvements to the Trans-Canada highway between Calgary and Banff and the Jasper highway from Edmonton west.

The department also is proposing to make extensive improvements to district and market roads in the province. The extent of the program will be governed largely by the responses by private contractors to calls for tenders on various projects. Some of the calls for tenders will be made immediately.

Beaver Returns

Here is the new Canadian Pacific Railway Company crest on which the beaver, symbol of the Dominion, which the Confederation Line has merged with, now appears after a 17-year absence. The change in the company's trademark for use in all departments in this country and abroad was announced by D. C. Coleman, the chairman and president.

WORLD HAPPENINGS BRIEFLY TOLD

A total of \$645 was paid in Toronto police court recently by persons charged with failing to have radio licenses.

A sale of butterflies at Oxford Circus, London, yielded £129 (\$1,330). One specimen, a Cardamine butterfly, fetched £22 (\$99).

The great Leuna synthetic oil plant at Halle, once one of the chief cogs in the German war industry, now is producing baking powder.

The government of China has offered \$5,400 (\$24,300) to Oxford university for five three-year scholarships in Chinese studies.

Indian manufacturers may capture the post-war trade in cheap ready-made mosquito nets which Japan used to supply in thousands of bales before the war.

Natural rubber is now flowing in a steady stream to the United States from China, purchasing agents of the Reconstruction Finance Corporation disclosed.

The Lincoln copy of the Magna Charta, 730-year-old document brought over for the World's Fair and then kept in New York because of the war, has been handed back to Britain.

The Allies have adopted a program overhauling the German taxation system and sharply increasing rates on property and income to put the country's crippled finances on a pay-as-you-go basis.

The Royal Astronomical Society of Canada announced that Paul H. Nadeau of Quebec is winner of the Chant Medal given to the Canadian who has done most for astronomy in Canada in the last year.

"The Years Ahead"

Million Dollar Book Stimulates Canadian Y.M.C.A.

Seldom, if ever before, had any publication of the Y.M.C.A. received such unanimous and enthusiastic approval as has "The Years Ahead," a plan for the Canadian Y.M.C.A. in the next decade.

Charles Bauckham, President of the Sterling Trusts Corporation, and a member of the Canadian Y.M.C.A. study committee responsible for the report, in a recent speech referred to it as "a million dollar book."

The first edition has already been sold out, and a new printing is on the press.

The report was received at the annual meeting of the National Council in Niagara Falls in October, and in order to stimulate its use, and to get its recommendations at work in the Canadian Y.M.C.A.'s action Committee, the staff of the Canadian Council gave priority in their fall plans to the conduct of a series of evening conferences of key people, and quickly swung into action with these conferences have been held in Winnipeg, conference has been held in Winnipeg, Saskatoon, Regina, Calgary, Edmonton, Victoria, Vancouver, New Westminster, Moose Jaw, and Lethbridge.

These local Key People's conferences will be followed by regional conferences initiated by the National Council but with each planning committee. The National Council will provide a team of speakers made up of at least one layman, and two national secretaries, and already the host associations have agreed to sponsor and promote conferences for their region.

There is little doubt that "The Years Ahead" will be the topic of discussion in practically every committee of every Y.M.C.A. across Canada during 1946.

The study represents the most ambitious self-analysis yet undertaken in the Canadian Y.M.C.A. Officials of the National Council of the Y.M.C.A. of United States were frankly amazed that the Canadian movement had been able successfully to complete such a report.

Will Be Missed

Canadian Man Who Gave Out Hallowe'en Nickels Is Dead

Emil A. Busseym, the "Nickel Man," died at the age of 70, and Hallowe'en won't be the same again for youngsters in the Oakville district of Waterbury, Conn.

Mr. Busseym was a real estate dealer and building contractor, but all the children knew him as the man who gave them shiny nickels on Hallowe'en. He liked to do it, he once told a reporter, because when "I think I'd never had a nickel to spend."

His distribution of five-cent pieces started on Hallowe'en in 1929, when he was recovering from an accident in which both his legs were broken. He and his wife had forgotten to obtain a supply of candy and cookies for the usual youthful Hallowe'en callers, but managed to scrape up enough nickels to present one to each of the children who rang their bell that night.

The fact that nickels were to be distributed on Hallowe'en spread rapidly among the juvenile element, and next Hallowe'en the Busseymers had sixty-two callers. The number increased yearly until 1938, when Mr. Busseym handed out 587 nickels on Hallowe'en.

Bogart Wooed Girl On Same Telephone

PHONE LINE IS AUTHORS FOR \$1,000—Louis Bromfield, author farmer who recently went west with the Lucas Telephone Co. to ensure telephone service to his farm home near Mansfield, O., today "owns" the company but is trying to "refuse" ownership. Company directors, who did their own maintenance work, sold to George Huber of Lucas, who borrowed \$1,000 from Bromfield to clinch the deal. Tired of trying to keep the outmoded equipment going, Huber mailed Bromfield bill of sale for the company in repayment of his loan. Bromfield is famed for his conversations over the rural party line which has 142 subscribers along its line. It was this same telephone over which Humphrey Bogart wooed Lauren Bacall, the pre-wedding conversations being interspersed with requests to eavesdroppers to hang up.

Art Collection

Presented By Viscount Lee To The University Of Toronto's Hart House

Dark-eyed and vivacious for all her classification as a medieval art expert, Yvonne Hackenbroch of the British Museum staff confessed to one unconvincing trait: she held a secret for six years and "didn't tell anyone."

The secret was the donation of a priceless art collection by Viscount Lee of Farnham to the University of Toronto's Hart House; it was sent to Canada early in 1940 but the announcement was withheld until some three weeks ago on request of Lord

"I waited for this visit for six years," said Miss Hackenbroch whose presence was necessary before the treasure could be unpacked. "I knew in 1939 that I was coming to Canada but I didn't tell anyone."

Miss Hackenbroch revealed that her "woman's touch" with art objects prompted Lord Lee's stipulation that the collection not be unpacked until she was here to catalogue it. For this reason it has been buried in vaults since its arrival.

Shortly before the war she was assigned by the British Museum to research the medieval art of the British Isles, jewelry and metal-work.

"Now just picture a collection of dozens of spoons from the Commonwealth to the Georgian period—nobody looks at such things and remembers," she said. "So I set out the table exactly as it looked in Elizabeth's day."

"I tried to put as much feminine, charming as possible without being extravagant," Viscount Lee said. "The arrangements and that's all I can say."

Miss Hackenbroch estimates it will take "several months" to catalogue Lord Lee's gift—one of the world's greatest collections of antique gold, silver and bronze metal-work, enamels, jewelry and illuminated manuscripts.

Develop Industry

Britain To Import German Scientists For Peace Projects

Britain has plans to import leading German scientists to aid development of industry in a far-reaching scientific drive which will embrace housing, clothing and transport, it was learned.

Important equipment already has been brought from Germany to be passed on to the research organizations of some of Britain's leading industries.

The scheme includes building 250 houses of various designs to be used for experimental purposes and grants totalling £750,000 (\$3,337,500).

The first major installations are being erected at the building research station of the Department of Industrial and Scientific Research near Watford, Hertfordshire.

Methods of heating, lighting and ventilation will be tested in the houses. The acoustic properties of buildings of great importance to apartment dwellers—will also be tested.

The £750,000 grant will be shared by more than 30 trade research associations whose investigations will affect sheet metal, fabrics, paints and varnish, cotton, linen, fuel, gas and electricity, paper, rubber, shipbuilding, automobile and other industries.

PHYSICAL EDUCATION ASSN. The national convention of the Canadian Physical Education Association, will be held at Jasper, Alta., June 21-23. It was announced by officials. It will be the first time the meeting has been held in Alberta.

Keep knives in a wooden rack in the kitchen drawer. They dull quickly if they rub against other knives or utensils.

2650

ORGANIZE FOR HEALTH!

It is fitting that once a year during "Health Week"—all citizens should take time to consider what has been accomplished in the program of health for Canadians. With the co-operation of Dominion, Provincial and Municipal departments of health, departments of education, schools, churches, senior clubs and other public-spirited organizations, an effort is being made to again call the attention of all Canadians to the need for organizing for health.

Science has made enormous contributions in the field of preventive medicine in our lifetime. And yet, failing to apply the discoveries of science, we go on allowing health and life to be sacrificed because we are not sufficiently informed to spend reasonable time or pass adequate legislation for the prevention of sickness and the conservation of life.

The statement that in the war years 50,000 industrial workers were unable to work on account of sickness on an average day, and that of 1,260,000 men examined for military service 357,000 were unfit for military duty of any kind, should be sufficient to give pause.

In spite of our existing milk-borne disease and our failure to control general disease, only one province in Canada has a province-wide law enforcing pasteurization of milk and only two provinces have adequate legislation for medical examination before marriage.

This is an evidence of the fact that either Canadians generally are still uninformed as to the urgent need for action or extremely lethargic.

In either case, there is a vast need for a widespread educational campaign. Briefly, if the facts are disseminated widely enough and often enough there will be a widespread demand for action.

"Health Week" is but a brief intensification of the year-round effort of your health departments and the Health League of Canada to make you health-conscious.

Markets Available

Butcher Supply Short Owing To Canada's Livestock Situation

An inclination on the part of western Canadian farmers to "get out of livestock" was seen as "very disappointing" by Lt. Col. J. H. Tremblay, Canadian trade commissioner and agricultural specialist for north-west Europe.

"We now have the markets but are short of supply," Col. Tremblay stated. "We had the English bacon market and we could have it if we could supply it, but we can't."

Col. Tremblay is touring the Dominion to contact officials in agriculture and industry before leaving to take up his post at the Canadian embassy in Paris. He said his first hand information as to what is available for export to France, Belgium and Holland which are the only countries at present specified in his trade territory.

Canadian Nurses Sent Coats To Nurses In Holland

One hundred coats and four hundred caps have been sent by the nurses of Canada to nurses in Holland.

Receipt of this generous gift has just been acknowledged in a letter received by Miss Fanny Munroe, president of the Canadian Nurses Association, from Miss C. H. McAllister, president of the Nurses Association of the Netherlands. Miss Munroe writes:

"It is quite impossible to give you an impression of our thankfulness for receiving so much; we can hardly believe that it is a reality. We are so happy to be able to dispense all those useful articles among our nurses, who need these things so badly."

The clothing was collected under the direction of the Nurses Association of the provinces and shipped by the Canadian Nurses Association to Holland.

The Saxons were mentioned for the first time by Ptolemy about the middle of the second century.

Farm Problems

Illustration Shows On Private Farms In Each Province

The Illustration Station program of farm organization, management and factual studies relating to practical problems of farm production under the aegis of the Division of Illustrated Stations, Dominion Experimental Farms Service, has been widely advanced on the 200 widely separated communities in each province. The work conducted on these farms has been supervised and directed from Experimental Stations or Sub-Stations in the various provinces of Alberta and Creston, B.C.; Beaufort, Lacombe and Lethbridge, Alberta; Indian Head, Scott, McFort, and Swift Current, Sask.; Fort William, Kapuskasing, and the Central Experimental Farm, Ottawa, Ont.; Lennoxville, Norman-Ste. Anne de la Pocatiere, and Matane, P.Q.; Fredericton, N.B.; Kentville, N.S.; and Charlottetown, P.E.I.

Most of the mystery plays of the Middle Ages were enacted with masks.

OUR COMPLETE SHORT STORY—
YOU GOTTA BE STUBBORN
By OLIVE BURTON FOSTER

Copyright
The Chicago Sun Syndicate

THE hitchhiker ran up, breathless, Edgar Hancock nodded and stretched a manly arm to open the door.

"Thanks." The hitchhiker settled himself. "You live around here?" he asked conversationally.

"In the valley," Edgar said tersely. "Apple farm." He gave the hitchhiker a sidelong glance. He was young, not more than twenty-five, Edgar's age would top his by only a year or so.

"Had you for apples," the young man observed.

"Yeh—" Edgar's voice was flat. "Bad year."

A bad year and a body day. Edgar tried to close his mind to the white farm house. But Mary's troubled eyes were closer than the steering-wheel. And the marigolds in the yard, blooming gold and brave in the dried-up skeleton of the garden. A little like Mary's brave spirit when she kept her head high against the fading of their hopes.

"I tell you, Edgar," Mary had placed her roughened fingers on his arm, "I'm afraid you're going to find out too late what a mistake you're making. Don't sell Ed. Give it another try."

"Leave me alone!" The unhappy crumpling of her face made him want to cry. "I know what I'm doing. I've worked. God! I've beat my heart out for these miserable acres. What did we have all spring rain? Rain! And cold. The trees look sickly. And the potatoes. That leech hopper got them. If we'd tried that DDT—but we couldn't get it in time—Result, not enough spuds to carry us through the winter, we're losing money every minute we stand on here." With swift, angry strides he crossed to the lane. Mary plucked the baby from the floor by the kitchen door and hurried after him.

"It's because you're city-bred you're letting it get you down. You have to learn to take the long view. Everybody does, if they want to amount to anything."

"You've sucked up all our money, hasn't it? It's taken every cent of my war gratuity, and what we could borrow, hasn't it. And for what?" The harshness in his voice covered a troubled bewilderment. "To get ourselves deeper in the hole every day we're here. Veteran's opportunity." The words came on a quick strained note. "Opportunity to lose your shirt!" He got into the car and started the motor.

The sound of his voice reached him as he pulled away.

"You're so stubborn, Edgar. If you'd only listen to reason."

"No use," he muttered. His hard young eyes were fixed steadily on the road. "I'm getting out now. The land's made a sucker out of me. In the city I'll get a job with a steady wage."

But he had had his first real quarrel with Mary. And it had shaken him beyond bearing. And he was saying goodbye to a dream. A dream that had been like the breath of life to Mary and him.

"It will be our own little bit of country, to develop and turn to account," Edgar had said so long ago. "We'll have our roots here, and we'll have children, and we'll be a vital part of a great country."

"SMOKE?" the casual question brought Edgar back with a start. He took a deep breath, and tried to push the dream away. You could be just as close to your country working for a wage. Forget the dreams.

"Thanks." He reached for the pack the young man held out. Then, startled, he looked more closely.

Young Pete in "D" Company had lost both arms like that in the Anzio beachhead. He'd tried to hide himself, to huddle away from eyes that might pity. They'd been in hospital together. Edgar had been lucky. His wounds were superficial.

The young man had not missed the embarrassment.

"Oh, I'm getting right handy with 'em now," he observed. "I've got 'em, I can just say the word, and they jump."

Edgar gave him a quick, admiring glance. "It must have taken time."

"Brother, you said it," the hitchhiker grimed ruefully. "But I figured I'd have to beat it somehow. I wouldn't get far in the world just settin' 'nursin' two stumps. So now there's a job waiting for me. In the city. A job where I can go places."

Edgar sat silent for a while. "You've sure got what it takes," he said at last.

"Oh, I had my moments," the young man said. "There were times when I felt like throwing these gadgets in the drink." He turned to Edgar. "But it sure taught me something. It taught me that you gotta be stubborn in this man's

world. You sure gotta be stubborn, Stubborn! Suddenly the pattern formed. Edgar grinned.

"Sure." He nodded emphatic agreement. "You gotta be stubborn. You sure need to be that."

They were on the outskirts of the city now. Already the streets were lying desolate untilness, as though now that the freshness that was summer was gone, they lay only to show off to cover their weariness. Edgar turned to his passenger.

"Tell me where to drop you." "And drop by to see us sometime. Apple Valley Farm. That's where you'll find us."

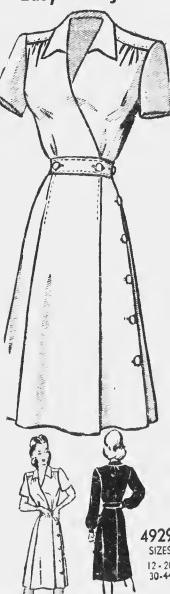

He drove to the young man's street. Ready to open the door, Edgar observed again.

"Yeah, crops were poor this year. But give us another year—Boy!" He watched the young man step out of the car. "Apple Valley Farm," he called after him. "Put the car in your dad's garage." He turned the car about. His eyes, watching the miles ahead, were restless. Somewhere a bonfire's smoke, drifting, had scented the soft Indian summer twilight with a nostalgic pungence. Edgar raised his head and took long, satisfying draughts. Hmeh! Gosh! It was wonderful. To get in and fight for.

IS MME. CHIANG'S RIVAL
Teng Ying-Chao, wife of Chou En-Lai, the Chinese Communist party negotiator in China and China's No. 2 Communist in her own right, is a political rival of Madame Chiang Kai-Shek. She is the only woman attending the political consultation conference where for the first time members of parties other than Kuomintang can have voice without fear of reprisal.

Easy Going . . .

LOCAL NEWS

Mrs. W. H. Rudd and daughter are the guests of the former's parents, Mr. and Mrs. L. A. James.

Lieut. Mae Moores, NS, was the week-end guest of her brother and sister-in-law, Mr. and Mrs. Doug Moores, and Miss Gladys Moores. She left on Tuesday for the west coast where she will visit her parents present.

Jim Fairhurst is a patient in the local hospital.

Born: To Mr. and Mrs. Ray Root on Sunday, Feb. 3, a son.

The trustees of the IOOF held a meeting on Tuesday evening. Following the meeting cards were played, honors being won by Mr. Joe Plante and Mrs. Jack Richards. Fish and chips were then served to all Rebekah and Oddfellows present.

Jim Shields is confined to his home due to sickness.

Mr. Charles Vale attended the funeral of the late John Franklin at Macleod last week.

Mr. and Mrs. Earl Bowen returned last week from Vancouver where they spent a holiday.

Cpl. and Mrs. George Serr, of Medicine Hat, were recent guests of Mr. and Mrs. Nick Nicholas.

Born: To Mr. and Mrs. James Kiganon on Thursday, Feb. 7, a daughter.

Born: To Mr. and Mrs. W. Baikos on Saturday, Feb. 9, at the home of Mrs. Nusome, a daughter.

Lieut. and Mrs. John Bayon and young daughter arrived home on Sunday evening. The latter two had journeyed to Calgary to meet him upon his return from overseas.

Mrs. M. Ferguson has returned to Coleman after spending several months at Banff. She is at present the guest of her daughter, Mrs. R. Kwasnie.

...V... NOTICE

Mrs. E. Lonsbury announces that there will be no baking for sale at her residence this week nor next.

...V... ANNOUNCEMENT

Mr. and Mrs. H. W. Collings, of Coleman, announce the marriage of their daughter, Hazel Bernice, to Chester Delbart Hayward, youngest son of Mr. and Mrs. Carl M. Hayward, of Vancouver, BC. The marriage took place at Bellevue United church on June 9, 1945, with the Rev. Wm. Irwin officiating.

Weddings

LLYOD-MATHERS

A wedding of interest to Coleman and Drumheller young people took place at St. Alban's church on Saturday, Feb. 2, when Miss Pamela Mather, of Drumheller, was united in marriage to James Lloyd, elder son of Mr. and Mrs. Robert Lloyd. Rev. W. E. Brown conducted the service and Mr. and Mrs. Roy Garrett were the attendants. Many friends witnessed the ceremony.

After the service a reception was held at the groom's home. The Rector proposed a toast to the bride and groom.

The good wishes of their many friends are extended to them as they journey together through life.

During the wedding supper the groom's father, Mr. Robert Lloyd, in a very happy speech presented a gift to Mr. and Mrs. William Martland who were celebrating their twenty-fifth wedding anniversary.

...V... NYLONS IN THE NEWS

(By Edna Jacques)

Although nylons will officially be back in the stores on February 19, many leading shops have stated that they will not be sold that day.

Taking warning from stories of other places where crowds have stormed the counters and broken furniture and fixtures in a rush to get nylons, these shops are wary of making any announcement to the effect that nylons are coming back into the picture. In fact, one wise Ottawa merchant came out with a good-sized advertisement saying he "would not" be selling nylons on February 19.

Nevertheless, below is the latest on the new glamor hose.

There will be four grades—A, B, C and D. D is the highest quality, with a gauge of 57 threads. There will also be four qualities in each grade. Below is the story in a nutshell:

Gauge	Spec.	1st	Irr.	3rd	
A	42	1.75	\$1.50	\$1.09	85c
B	45 & 48	1.95	1.75	1.29	85c
C	51 & 54	2.25	1.95	1.39	85c
D	57	2.50	2.25	1.69	85c

These prices are as low, and in some cases lower, than the 1941 prices.

Each stocking must bear the name "nylon." The gauge must be lightly marked and clearly visible to buyer. The quality must also be clearly marked, such as standards, seconds, irregular or thirds.

For everyday wear such as office, business, etc., women will find a good serviceable hose in the "seconds" of A gauge at \$1.09.

As the manufacture of these hose is still in the early stages there may be slight flaws now and then before they reach the level of standardization. New factory workers and few machines will take time to become adjusted to the work, but the future in nylon manufacture in Canada is bright.

Grands

(Continued from Page 1)

the better team by a 6-2 score.

The battle experience of the veterans showed up to advantage in Joyce, Fraser, Field and Kwasnie, and had a steady influence on the younger players who were playing for the first time.

Fraser, showing old time form, gained four points with two goals and two assists. Among the younger boys Andrews and Collings were particularly effective.

Joyce, Biegur, Kwasnie and Moores made a very effective defense combination for Coleman, with Joyce scoring Coleman's first goal.

Negrello was the Lethbridge star, scoring both his team's goals.

Ukrainetz and Wray looked good on the defence and the score does not indicate the game as it was a fine match throughout. Coleman's finish around the net was masterly in all of their goals.

Odie Lowe, of Lethbridge, as referee started clamping down early in the game and had it well under control at all times. Bill McLeod, of Coleman, was judge of play.

GRANDS will meet Turner Valley in the second round of the provincial play-offs. The game is expected to be played here on Tuesday but fans are warned to watch for posters giving official detail.

LOCAL NEWS

Mrs. J. Juneau, of Spring Point spent last week visiting her sister Mrs. Dudys.

Andrew Harry suffered a leg injury this morning and was admitted to the hospital.

Bob McDonnell, of Medicine Hat, has been transferred to the staff at the local C.P.R. depot.

Mrs. Sylvie DeKleyen plans on leaving in March for Belgium where she will spend a vacation with relatives.

St. Alban's Ladies Guild will hold their pre-lenten sale of aprons and tea on Saturday March 2. Please reserve this date.

Mrs. J. Nash entertained at five tables of bridge on Wednesday, the honors going to Mrs. Irwin, Mrs. J. Kerr, Mrs. N. McKinnon and the traveling prize to Mrs. T. Holstead.

Mr. and Mrs. Walter Pettifor returned home on Tuesday after a trip to Edmonton where they witnessed their daughter, Grace, get her cap at Alberta university. Miss Grace is now studying for her B. Sc. degree.

These prices are as low, and in some cases lower, than the 1941 prices.

Each stocking must bear the name "nylon." The gauge must be lightly marked and clearly visible to buyer. The quality must also be clearly marked, such as standards, seconds, irregular or thirds.
